7th Edition of the Altitoy-Ternua

Once again we are on the go to offer this 7th Edition of the Altitoy-Ternua that will be held on the 8th and 9th of February 2014.

An even more popular Altitoy-Ternua, if possible, where we would like all those that have enjoyed the previous editions to participate in the homage that they deserve so much.

One year more, our objective will be to offer some super attractive and technical courses including the longed-for pass through the Pic de Bigorre of 2,877 meters, www.picdumidi.com

Just like last year, course A will have a 2,500-meter drop in the Saturday stage and 2,000 meters in the Sunday one. Course B will have the same drop of 1,300 meters on both days and teams of two participants will do both races.

The main innovation for this year will be the competition for youths. Like in the rest of the races of the Grande Course, as from next year, youths will also have their opportunity of enjoying the Altitoy-Ternua in a competition for them, which will be done in pairs, and following course B.

MAIN INNOVATIONS OF THE 2014 EDITION

The main innovation for this 2014 edition will be the competition for youths like the rest of the races on the Grande Course. The race will follow the same route as course B, for couples, the competition is reserved to the Junior category (those born between 1994 and 1996) and the Cadet category (born between 1997 – 1999).

This year, we have programmed a stage passing through the Pic de Midi de Bigorre 2,877 meters. If the snow and meteorological conditions allow, it will be a spectacular pass as this is the ascent to the main icon of the Midi Pyrenees region, one of the most beautiful panoramas of the Pyrenees.

TESTIMONIES

Laetitia Roux

Ce que je garde en mémoire, c'est l'ambiance incroyablement chaleureuse! A l'image de leurs voisins espagnoles, dont on connaît le caractère festif et amical. Les organisateurs et habitants nous réservent une atmosphère qui sent bon "le sud", détendue, festive, faite de joie, d'émotions et de partage!! Merci à vous!

A très bientôt
Amitiés

Las grandes carreras del esquí de montaña siempre apuntaban a los Alpes. La AltiToy - Ternua se ha abierto paso entre ellas para enseñar que en los Pirineos también hay grandes carreras y grandes organizaciones.

Muchas gracias!

Grazie per la cordiale ospitalità . Ci siamo trovati benissimo da voi. Avete fatto proprio una bella gara degna di una gran course. A presto ritorneremo sicuramente.

L'altitoy est pour moi une course représentant la simplicité et l'amour de la montagne, du ski alpinisme.

On ressent la passion qui anime les bénévoles, les organisateurs, les habitants de ces vallées... J'espère pouvoir retourner sur ces montagnes pyrénéennes si atypique et qui traduit par leur forme, leur relief la rusticité et la beauté de la montagne...
